K.S.A. 31-502(d): Distributor means any person engaged in the distribution of fireworks of any kind in the state of Kansas to include:

- (1) Sells, delivers, transports, consigns, gives, imports, exports or otherwise furnishes consumer fireworks to any person for the purpose of resale to a retailer or any other distributor or reseller within the state of Kansas;

- (3) produces, conducts or provides a licensed operator or imports any display fireworks or articles pyrotechnic of any kind within the state of Kansas for profit.

To help determine if a distributor permit is needed, consider:

- 1. For whom or what entity is applicant shooting?
- 2. Who is paying for the fireworks and/or show?

A distributor permit **IS** needed if:

- 1. The applicant is being paid or receiving money to produce or conduct a fireworks display. In this case, the applicant should apply for the permit (unless applicant is employee of distributor).
- 2. The applicant purchases fireworks to conduct a firework's display and is reimbursed by the hosting organization for the cost. The hosting organization should apply for the permit.
- 3. The display is a fundraiser (does not matter whether hosting organization is a non-profit). If the hosting agency pays for costs to conduct display, it should apply for permit. If display operator covers the costs, the display operator should apply for permit.
- 4. Funds are raised through "passing the hat" or gate fee is charged. The hosting organization should apply for the permit.

A distributor permit **IS NOT** needed if:

- 1. The applicant is employed with a company or organization that already has a distributor permit.
- 2. The applicant conducts a display where no money for any part of it, including purchase of fireworks, is exchanged at any time.
